

Dear Spartan,

It is a pleasure to present Spartan Light Metal Products an Outstanding Award NADCA Safety Award, based on its 2013 safety record. This award recognizes the company's record during the previous year, as documented by the statistics submitted to NADCA on the safety award application form. NADCA's Safety award only recognizes NADCA Corporate Members that have maintained a safety record equal to or less than 4.3, the national average for all manufacturing.

Award winning companies will be featured in the April issue of LINKS magazine and May issue of DCE magazine. Winning companies will also be recognized during a luncheon on Tuesday, September 23, at NADCA's Die Casting Awards Luncheon, as part of NADCA's Die Casting Congress and Tabletop in Milwaukee, Wisconsin. Please let me know if the company plans to send a representative, so we can get that person registered for the event. The actual awards will be mailed by the end of this month.

Congratulations to you and your employees on this exemplary safety record!

Sincerely,

A handwritten signature in black ink, appearing to read "Daniel Twarog". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

Daniel L. Twarog
President
NADCA
