NEWS RELEASE

Bruce Breitzman promoted to Chief Operating Officer.

St. Louis, MO, January 10, 2014 - Spartan Light Metal Products, Inc. announced today that **Bruce Breitzman** has been promoted to the position of Chief Operating Officer.

Mr. Breitzman joined Spartan in 2007 as Vice President Sparta IL Operations, and was subsequently promoted in 2011 to Executive Vice President Operations in the Company's St. Louis Corporate Services Center. In 2013, he was given additional responsibility for the Sales and Business Development Function.

Prior to joining Spartan Light Metal Products, Mr. Breitzman held various General Management positions of increasing responsibility in a variety of companies and industries across the country. Most notably among them being Texas Instruments, Inc. and Emerson.

Mr. Breitzman holds a BS degree in Biomedical Engineering from Marquette University and received his MBA from the Kellogg Graduate School of Management, Northwestern University.

Spartan Light Metal Products is a family owned, full-service supplier of custom die cast aluminum and magnesium products for the automotive and consumer products markets. The Company has more than 800 employees with manufacturing facilities located in Hannibal and Mexico MO, and Sparta, IL. Sales and engineering employees are located at plant locations as well as in Detroit, Michigan, Tokyo, and at the Corporate Services Center in St. Louis.
